# Purposeful Gifting...

Dear Colleagues & Friends,

We hope you are doing well and adjusting to the “New Normal” as much as possible. Each day seems to bring more dire news, which makes it difficult for business leaders to focus on crafting plans for the future. During this period of shifting expectations and cancelled events, we understand the need to still connect with your high-value stakeholders in a meaningful way.

So, we are taking this opportunity to walk alongside of you and offer turn-key recognition solutions. These are very challenging times filled with disappointment & uncertainty and companies are asked to create a sense of hope, joy and engagement amongst their team...knowing it will not replace “their trip of a lifetime”, but will give them a virtual story and offer a “little ray of sunshine”.

The wet paint group has created a meaningful solution that brings value and recognition to your stakeholders & qualifiers for their hard work, dedication and commitment. Our Good Vibes Marketplace offers a wide variety of virtual options to include—customized “Staycation” gift boxes and an on-line virtual gifting experience that will provide an impactful alternative for your guests! Our “White Glove” approach ensures that your message will be well received and appreciated. Each gift box is hand-packed with a nice note from your CEO or event host.

In addition to delivering Good Vibes to your guests, wpg will be donating a portion of proceeds to The Above and Beyond Foundation. The Helping Hospitality program is providing \$500 urgent grants for hospitality industry employees affected by the COVID-19 crisis. The Above and Beyond Foundation is a volunteer based organization and 100% of the donations will go to the employees.

We are here to support you in any way possible, feel free to reach out and allow our team to be a convenient gifting resource for you.

Stay well!

## Reef Sandals

Founded in 1984 by two brothers from Argentina, Fernando and Santiago Aguerre, who wanted to share their love for surf travel and beach culture with the world. We believe there is a connection between our well-being and our beaches. As founders of the REEF X Surfrider Better Beach Alliance, we're dedicated to plastic pollution initiatives through beach clean ups and environmental legislation. Through our partnership with Urban Surf 4 Kids, we're introducing foster and at-risk kids to the positive benefits and healing properties of the ocean and beach.

# Included in Each Box

Born and raised (and still residing in the town of Cantel, Quetzaltenango) Erica learned her father's trade of textile sewing at age twelve. While completing her middle and high school years, she worked during the afternoons at her father's sewing business as her work was needed at home to help support the family. She married at 19 and she and her husband started their family the next year. Their four children (2 sons and 2 daughters) are currently studying at primary school. While she had for years helped her parents fill orders, she longed to have her own business. When her mother-in-law joined Friendship Bridge, she learned about the benefits of the women's banking circles and decided to join, too. Alongside her husband, who is himself an artisan whose main activity is creating leatherwork and shoes, they decided to start a business selling accessories for women and men. Erica credits Friendship Bridge with helping her to grow her business. While she had been fearful of traveling outside her town before, her horizons have expanded and traveling in support of her businesses is no longer something to be dreaded. Through Friendship Bridge's Artisan Market Access Program, Erica has received trainings in product development, costing, production, packaging, shipping and quality control.
